

Cardstream Module for Zen Cart

Installation Instructions

Step 1:

Copy the includes directory (located inside the httpdocs folder) to your root Zen Cart directory.

Step 2:

Login to your Zen Cart admin panel, then mouseover the Tools link in the top menu. Next, click Install SQL Patches - then click browse and select the cardstream.sql file located inside the sql folder. Finally, click upload.

Step 3:

Mouseover the Modules link in the top menu and click Payment. Next, click the circle for Cardstream Form and finally click install.
